THE HISTORIC PRESERVATION AWARDS PROGRAM

This evening, the Manchester Historic Association celebrates the presentation of the 30th Annual Historic Preservation Awards! Since 1993, the Association has recognized and supported the efforts of individuals, businesses and organizations who have made significant contributions to the preservation of buildings, neighborhoods, traditions and other historic resources in our city.

Proceeds from the Historic Preservation Awards benefit the programs of the Manchester Historic Association, a charitable nonprofit organization.

The Association operates the Millyard Museum at 200 Bedford Street in Manchester, New Hampshire, at the corner of Commercial and Pleasant Streets in the historic Amoskeag Millyard. Museum hours are Tuesday through Saturday from 10 a.m. to 4 p.m.

The MHA's Research Center is located at 129 Amherst Street in downtown Manchester, in the Victory Park Historic District. Research Center hours are Saturday from 10 a.m. to 4 p.m. and Wednesday from 10 a.m. to 3 p.m.

Please call (603) 622-7531 for information about programs and membership, or visit our website www.manchesterhistoric.org

"The bionic technology is impressive, but it was the personal connection that really made a difference."

Sgt. Peter Connell
Army—Retired and above knee amputee

Bionic Technology—the future is now and Next Step Clinics are at the forefront of the industry. We are a team of professionals who understand that to design the right fit, you must first understand the person. We call that understanding e-motion.

It is not a term you normally relate to the art of Bionics & Prosthetics. Yet, it is the source of how technology for Peter, and other Next Step Clinics patients, is melded into everything we do. It is personal at the highest level. It is expertise that is shared —one patient at a time, every time.

This understanding is the first step to a better life...just ask Peter.
